

SEXUAL HEALTH AND HIV/AIDS PREVENTION INSTRUCTION

The Governing Board recognizes that the purpose of the district's sexual health and HIV/AIDS prevention instruction is to provide students with the knowledge and skills necessary to protect them from unintended pregnancy and sexually transmitted diseases and to encourage students to develop healthy attitudes concerning adolescent growth and development, body image, gender roles, sexual orientation, dating, marriage, and family. The Board therefore desires to provide a well-planned sequence of instruction on comprehensive sexual health and HIV/AIDS prevention.

(cf. 5030 - Student Wellness)

(cf. 6142.8 - Comprehensive Health Education)

The district's curriculum shall be aligned with the state's content standards, based on medically accurate and factual information, and designed to teach students to make healthy choices and reduce high-risk behaviors. The district's program shall comply with the requirements of law, Board policy and administrative regulation and shall respect the rights of parents/guardians to supervise their children's education on these subjects and to impart values regarding human sexuality to their children.

(cf. 5141.22 - Infectious Diseases)

(cf. 5141.25 - Availability of Condoms)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6143 - Courses of Study)

The Superintendent or designee may appoint a coordinator and/or an advisory committee regarding the district's comprehensive sexual health program. The advisory committee shall represent a divergence of viewpoints and may participate in planning, implementing, and evaluating the district's comprehensive sexual health education program. The Board shall consider the advisory committee's recommendations when approving the district's program.

(cf. 1220 - Citizen Advisory Committees)

Parent/Guardian Consent

Note: According to the CDE, Education Code 51938 requires districts to use a "passive consent" or "opt-out" model regarding HIV/AIDS prevention instruction, whereby the student receives the instruction unless the parent/guardian otherwise notifies the district. However, according to the CDE, districts may choose to use an "active consent" or "opt-in" model regarding comprehensive sexual health instruction, whereby the parent/guardian must first give affirmative consent before his/her child receives sexual health instruction. Districts that wish to adopt an active consent/opt-in model for sexual health instruction should modify the following paragraph accordingly.

SEXUAL HEALTH AND HIV/AIDS PREVENTION INSTRUCTION (continued)

A parent/guardian may request in writing that his/her child be excused from participating in HIV/AIDS prevention or sexual health education. Students so excused by their parents/guardians shall be given an alternative educational activity. (Education Code 51240, 51939)

(cf. 5022 - Student and Family Privacy Rights)

A student shall not be subject to disciplinary action, academic penalty, or other sanction if the student's parent/guardian declines to permit the student to receive the instruction. (Education Code 51939)
