

## Common Core State Standards for Mathematics Resources

Not sure which resources are appropriate for your school community? Depending upon where you are with implementation, here's where to start:

### Wade In

#### California's Common Core State Standards for Mathematics

[http://www.scoe.net/castandards/agenda/2010/math\\_ccs\\_recommendations.pdf](http://www.scoe.net/castandards/agenda/2010/math_ccs_recommendations.pdf)

#### Common Core Implementation Video Series

[http://www.ccsso.org/Resources/Digital\\_Resources/Common\\_Core\\_Implementation\\_Video\\_Series.html](http://www.ccsso.org/Resources/Digital_Resources/Common_Core_Implementation_Video_Series.html)

Produced by the Hunt Institute and the Council of Chief State School Officers (CCSSO), this series of video vignettes explain the standards in greater depth.

#### Grade Level Curriculum

<http://www.cde.ca.gov/ci/cr/cf/grlevelcurriculum.asp>

The grade-level curriculum documents are organized by individual grade levels and include information about the Common Core State Standard (CCSS).

### Take the Plunge

#### ASCD "Get to the Core" Webinar Series

<http://www.ascd.org/professional-development/webinars/common-core-webinars.aspx>

A series of webinars on the CCSS produced by the Association for Supervision and Curriculum Development, a nonprofit educational leadership organization.

*Common Core State Standards for Mathematics: Shifts and Instructional Implications*

#### The Illustrative Mathematics Project

<http://illustrativemathematics.org/>

The project aims to illustrate each of the standards using high quality reviewed tasks from teacher leaders. The site provides guidance to all stakeholders implementing the CCSS by illustrating the range and types of mathematical work that students will experience, and other implementation tools.

#### Mathematics Lead Writer Bill McCallum's Blog

<http://commoncoretools.me/>

CCSS mathematics lead writer, Bill McCallum, provides information regarding implementation projects related to the CCSS for mathematics.

### Dive Deeper

#### Achieve the Core Professional Development Modules

<http://www.achievethecore.org/steal-these-tools/professional-development-modules>

Achieve the Core is a Web site created by the CCSS authors and other contributors to provide free, high-quality resources to educators implementing the CCSS.

*Math Shifts Module*

#### California Common Core State Standards-Mathematics Resources

<http://caccssm.cmpso.org/>

Resources from the CaCCSS-M Task Forces, composed of members of the California's math education community, that professional development providers can use to strengthen teachers' content knowledge to teach the newly adopted mathematics standards.

#### Progression Documents for the CCSS Mathematics Standards

<http://ime.math.arizona.edu/progressions/>

Narrative documents describing the progression of a topic across a number of grade levels, informed by research on children's cognitive development and by the logical structure of mathematics.
